SELVAPRAVEEN S
FULL-STACK DEVELOPER

✉ selvapraveen2005@gmail.com ☐ +919025174530 in LinkedIn ☁ Portfolio ⊕ GitHub ⚲ Kangayam, Tirupur, Tamil Nadu

SUMMARY

Dedicated Computer Engineering student with hands-on full-stack development experience. Passionate about creating clean, user-friendly web applications and learning new technologies. Excel in teamwork and solving real-world challenges through impactful software solutions.

EXPERIENCE

Full Stack Developer Intern - Crayond Digital Pvt. Ltd   **Sep 2024 – Apr 2025, Chennai**
• Developed responsive UI components and integrated backend APIs using modern frameworks (Next.js, Zustand, Redux, Sequelize) to deliver clean, modular, and reusable code; contributed to projects **Fynro** (finance management platform) and **Revature** (upskilling education platform).
• Collaborated with a cross-functional Agile team of 20+ members, actively participating in Scrum ceremonies including stand-ups and sprint reviews.

PROJECT

Blogix – AI-Powered Blogging Platform: DEMO | Project REPO
• Co-built the frontend of an AI-powered blogging platform with smart search (PostgreSQL) and personalized vector-based recommendations.
• Improved platform efficiency by 40% through AI text editing, real-time analytics, and interactive community engagement features.
• Teck Stack**:** Next.js, Neon DB (PostgreSQL + vector search), Next AI SDK, Next AUTH, Docker, Cypress.

College Event Manager – Full-Stack Booking Platform: Frontend REPO | Backend REPO
• Enhanced a responsive event management system to streamline event workflows.
• Key features such as role-based authentication and a reward points system to boost user engagement.
• Teck Stack**:** React, MUI, JavaScript, Express, Node.js, SQL, Google Auth.

Movie Web – Movie Search & Watchlist web app: DEMO | Project REPO
• Built a responsive Movie Search & Watchlist application with Next.js and Tailwind CSS, featuring movie search via TMDB API and detailed movie information.
• Implemented watchlist management with localStorage, genre/rating filters, sorting, and pop-up trailer modals for an engaging user experience.
• Tech Stack**:** Next.js 14 (App Router), TypeScript, Tailwind CSS, TMDB API, Axios, Lucide React.

A Real–Time Coding Interview Platform with Video and Compiler Integration: DEMO | Project REPO
• A real-time coding interview platform with role-based access for Admin, Interviewer, and Candidate, with scheduling, coding tests, and result evaluation.
• Accomplish one-on-one video interviews, automated coding assessments, and feedback dashboards to streamline the recruitment process.
• Tech Stack**:** React/Next.js, Tailwind CSS, TypeScript, Prisma, REST/GraphQL APIs, MySQL/PostgreSQL, Redis, Vercel.

EDUCATION

Bachelor of Engineering (B.E) - Computer Science and Engineering
Bannari Amman Institute of Technology, Erode, Tamil Nadu   Graduation:2027
• CGPA:8.8

Higher Secondary (HSC)
Jaycees Matriculation Higher Secondary School, Tirupur, Tamil Nadu   Graduation:2023
• Mark:95%

Achievements

NSS Volunteer – National Service Scheme
• Volunteered 100+ hours in clean-up drives, awareness campaigns, blood donation, and community development initiatives.
Leet Code – LEETCODE
• Solved 250+ coding problems on LeetCode to strengthen problem-solving, DSA, and algorithmic skills.

SKILLS

Frontend: HTML, CSS, React.js, Vite, Vue.js, Next.js, Tailwind CSS, MUI, Hero UI, Magic UI, Zustand, Redux, Flutter, Dart, React Native.

Backend/DB and Tools: Node.js, Express.js, Sequelize, MySQL, MongoDB, Git, GitHub, Vercel, Postman, Figma.

Programming: C, C++, Java, Python, TypeScript, JavaScript.
